

Dear Friends & Neighbors-

When you or a family member is ill or injured, where do you turn?

If you're like most in our community, you call 911 and LVAC will be there.

Why?

Because you know you will receive top notch emergency care by dedicated, compassionate first responders in your time of need.

Your contributions have helped LVAC continue its service to the community, day or night, each and every day of the week. We are so grateful to you for supporting our committed, entirely **VOLUNTEER**, team of Emergency Medical Technicians, Ambulance Drivers and First Aiders. **LVAC is funded 100% by your donations. We do not receive any financial support from any outside organizations.**

LVAC counts on your support – now more than ever.

Your gift of \$100, \$500, \$1,000 or \$5,000 can make all the difference..... especially as we embark on our journey to purchase a **new ambulance** at a cost of \$200,000 so that we may provide excellent care for you when needed.

Your gift is extremely important to LVAC because it provides resources that make an immediate impact –we will have the supplies and training we need to provide you with the care you need.

As medical care advances, your community's volunteer ambulance corps, LVAC, is committed to staying at the fore front – for you, for your loved ones, for every person in the community.

Please consider making as generous a gift as you can.

Your donation will make a world of difference. I promise you.

Thank you so much for your help.

Warmest regards,

Ann Hirsch

President

Lewisboro Volunteer Ambulance Corps
